Work in the game development industry or work related to Computational Intelligence/AI

---

## Experience

### Business Support

#### Tees Law

Bishop's Stortford

June-2015 - Currently

-Assisting multiple fee earners/paralegals.

-This includes: scanning, copying, entering up, archiving files and working with a team (WTTP).

-Working with the accounting team for clients taxes and statements.

-Floor IT Support with software and systems

### Volunteering

Keele University

Throughout my time at keel I have been a part of the swimming club.

Charity work means a lot to me and the club. We completed the 3 Peaks Challenge in order raise money for the local hospice.

---

2015

---

## Skills

Java, C++, HTML, Javascript, PHP, Database Managment, GitHub, Unity, Problem Solving, Independence

---

## Projects

Creator of website "jamescopping.co.uk", which is an on going project that is designed to be a space for me to create, track and show off projects I am working on. This is also stepping stone for my Project Portfolio Management website which will be a site aimed for students to show off their work in a professional way.
